GETTING INNOVATION IN MARKET THROUGH DESIGN

IPSA's luxury range offers a unique blend of security with elegance. This range consists of prestigious and high level products satisfying the luxury needs and refined tastes of the consumers, giving their home / work place a magnificent look.

IPSA never compromise to quality and function, individuality and authenticity. Bonding heritage with creativity, curiosity and innovation just like a family company, the company grows at every level.

OUR PASSION

Our passion is to 'break the ice' with bringing up new technology, new innovation, new improvements in the current market products to give a 'value to price ratio' for every transaction made with our group.

OUR MISSION

Our mission is to associate with more & more customers, stakeholders & individuals to create a presence of IPSA products, services & value for each one of them. The IPSA experience is designed to deliver consistent satisfaction and value to its users.

WE ARE ENVIRONMENT FRIENDLY

Each design and production step is carefully checked with regards to the environmental and each of the following decision is taken if our eco-compatibility are fully reached. This means that when we manufacture our products, IPSA doorware will be assured by the advanced technologies and very strict controls carried out by a very highly qualified personnel, generating a product conceived constantly thinking of the environment.

OUR VISION

Our vision is to establish IPSA as a globally renowned brand and a leading manufacturing organisation in our sector.

WE ARE SOCIAL RESPONSIBLE

We are committed to improving the quality of life of the community we serve by following all the labour laws and using safe and secure technologies at work. We believe in paying back to society from whatever we earn and for this our management is continuously involved in social practices and donations, not only to gain our customers, employees and other stakeholder's trust in us, but also to fulfill our social responsibility.

ABOUT US

IPSA Group is a preeminent leader in the building and architectural hardware industry from India.

Founded by Mr. Anil Aggarwal in 1980, the company has become a trusted brand known for high-quality, innovative hardware solutions.

With over four decades of experience, **IPSA Group caters to large institutional projects and significant importers worldwide**, and it has been distinguished by its brand since its introduction in 2000.

COMMITMENT TO QUALITY & INNOVATION

IPSA Group meets international standards, including **ISO, ISI, BSI, CE, FCC, Warrington Fire, and ANSI**. Rigorous testing and quality control measures are enforced across all stages of production to ensure products exceed stringent quality expectations.

INDUSTRY MILESTONES

IPSA Group has consistently been at the forefront of technological advancements and market leadership. We were the **first in India** to launch the production of **Drawer Slides in 2014** and **Cabinet Hinges in 2019**, setting new standards for quality and innovation in the hardware manufacturing industry.

YOUR GLOBAL PARTNER

IPSA has a broad client base, including prominent real estate firms like DLF, ATS Group, Central Park, etc. The company's extensive network includes **15,000+ dealers** as of FY 2023-24 and extends to **18 countries globally**. IPSA is dedicated to addressing customer needs promptly, and a trained and dedicated team is available through authorised dealers and service centres worldwide.

PRODUCTION PROCESS

PLANT - 1 CABINET HINGES

IPSA started India's first State-of-the-art facility with an installed capacity of 60 million annually. further opening the Indian market for global customers to source the same against other Asian/ European countries.

PLANT - 2 DRAWER SLIDES

IPSA started India's first state-of-the-art manufacturing plant to produce Ball Bearing Runners (Standard & Soft Close) with an installed capacity of 16 million sets annually. further opening the Indian market for global customers to source the same against other Asian/ European countries.

PLANT - 3 DOOR HANDLES & LOCKS

Established in 2000, IPSA door locks & handles have one of the largest capacities of 50,000 sets a month with over 200 designs across multiple finishes with a monthly capacity of 1 million annually.

PLANT - 4 DOOR HINGES

Established in 2005, IPSA has one of the biggest manufacturing capacities of 1 million pieces/ month made from Stainless Steel 200, 300 & 400 series, materials procured for India's largest steel manufacturing company with door weight bearing capacity from 35 kg to 150 kg more than 200,000 cycle test is done complying to EN 15338 standards.

PLANT - 5 ALUMINIUM FITTINGS

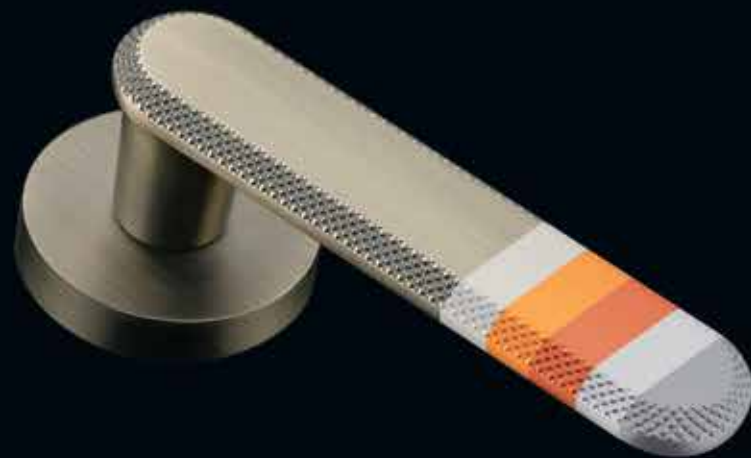

Being the oldest manufacturing plant, IPSA Aluminium Door Fittings has been manufactured since 2000 with all the BIS standards. With supplies to all Indian renowned departments like CPWD, PWD, AWHO, MEIS, DDA, etc.

QUALITY

For IPSA Definition of Quality Make it Right when "No-One" is Watching Conform to International Quality Standards Quality which can be certified & prescribed in numbers.

- Zinc metal alloys of certified quality
- First electroplated Copper layer
- Second electroplated Copper layer
- Very high electroplated Nickel coated layer
- Electro-phoretic Lacquer

Our products also confirm to the following International chemical and physical tests

- Single Rub Acetone Test :- 2500 +
- Pencil Hardness :- 4h +
- Normal Salt Spray Test Per ASTM B117 - 500 Hrs. +
- Abrasion Test :- 18+ (Litres Sand) (As per ASTM D968 using Ottawa Sand)
- UV Light Resistance (Using UV B 313 tubes 2 hosts UV at 60°C) Less than E 2.0 at 500 Hrs. (Complete fade is equivalent to approx. E20)
- Sweat Test (ASN/BHMA Test + USA Specification) 4+

SOME OF OUR PRESTIGIOUS CLIENTS

IPSA is one of the leading door hardware manufacturing companies in India. IPSA products are designed to meet the high end needs of consumers belonging to all income groups. Ease of use, design, high security and quality are the four major aspects that make IPSA a preferable brand.

CYLINDER

A perfect choice for
your perfect need

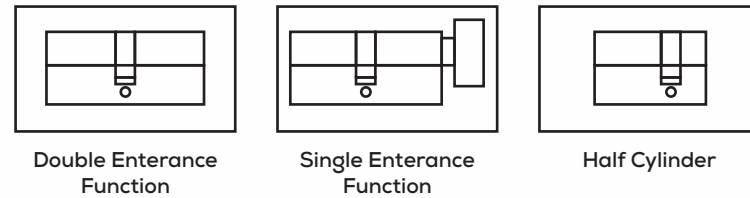

HOW TO SELECT DOOR EURO PROFILE CYLINDER

- EN1303 and DIN 18252/09-1999 standards.
- 30 degree offset cam inhibits knock though.
- 6 pins standards, 10 pin high security with two line pins, other sizes available.
- Cylinder available in a variety of finish.
- Key management : master key, grand master key, construction key.

FUNCTION & SPECIFICATION

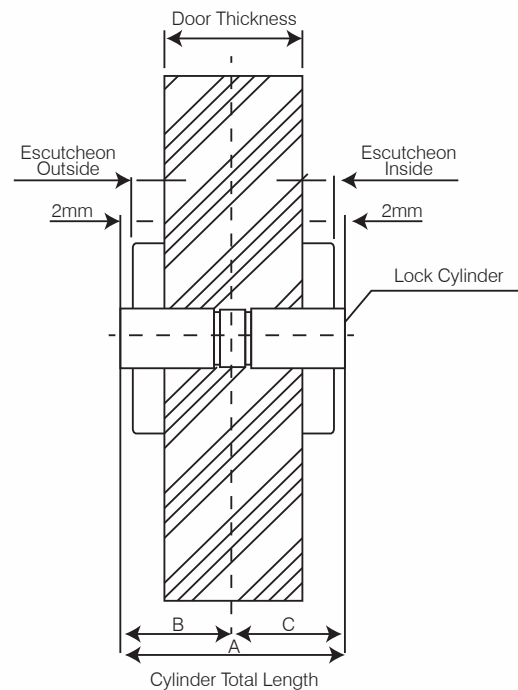

DETERMINATION OF CYLINDER LENGTH

The following factors have to be considered when determining the length A of the locking cylinder.

- Door Thickness
- Position of the lock in the door
- Thickness of escutcheon on the outside
- Thickness of escutcheon on the inside

Note :

- The Length B and C are each measured from the centre of the fixing screw.
- The following applies to the length A must protrude only max. 4mm from the escutcheon on the outside & inside.

TECHNICAL SPECIFICATION

Cabinet Door with Applicable Height Less Than 2800mm

Material : High Grade Nylon PA66

Features :

Mechanicle Buckle Lock,
Fast Installation
Applicable Hinges
Soft Close Hinge,
Auto Hinge

Positioning Mode of Buckle Lock :

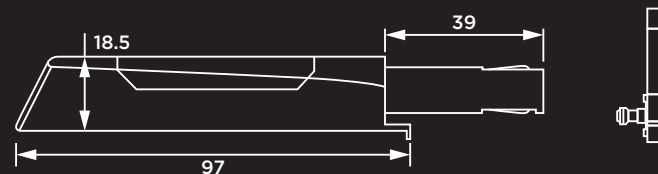

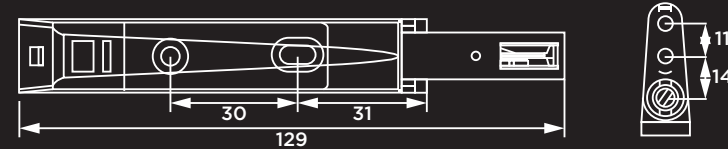

Paste Positioning and Screw in.

Ejection Distance : 39mm

Maximum Elasticity : 3.5kg

Adjustment Range : +5mm

DOOR HINGES

Every angle justified
with prime elegance

BALL BEARING HINGES

<p>CE Certified Accredited from International Institutions</p>	<p>Made from COIL</p>	
<p>NOISELESS MOVEMENT EVEN AFTER 500,000 CYCLES</p>	<p>Single Axis Pin Design</p>	<p>FIRE TESTED 2 HR FOR WOOD 4 HR FOR STEEL</p>
<p>Weather Proof Greasing Works in -2°C - 50°C (One if its kind)</p>		

Feature

- With bold axis core
- Excellent kinetic energy
- Cycle tested 500,000 times with weight 150kg
- Designed to effectively reduce the leakage
- Phenomenon
- Noiseless
- Increase force resistance by 35%

Traditional Hinge

Riveted Bold-Axis Design

- With bold-axis core
- Excellent kinetic energy
- Cycle 5,00,000 times with weight 150kg
- Designed to effectively reduce the leakage phenomenon
- Noiseless
- Increase force resistance by 35%

	Twin Overlay		Special Hinge		Slide-on Mounting		Adjustment
	Inset Door		Hinge cup Diameter		Hinge With Soft Closing		Tested Durability
	Corner Hinge		Hinge Cup Drilling Spacing		Hinge With Closing Spring		Material
	Wide Angle Hinge		Wood Screw Hinge Cup Mounting		Single Action Hinge		Finish
	Parallel Hinge		Mounting Plate Height		Double Action Hinge		Packing
	Parallel Hinge For Overlay Door		Wood Screw Mounting Plate Installation				

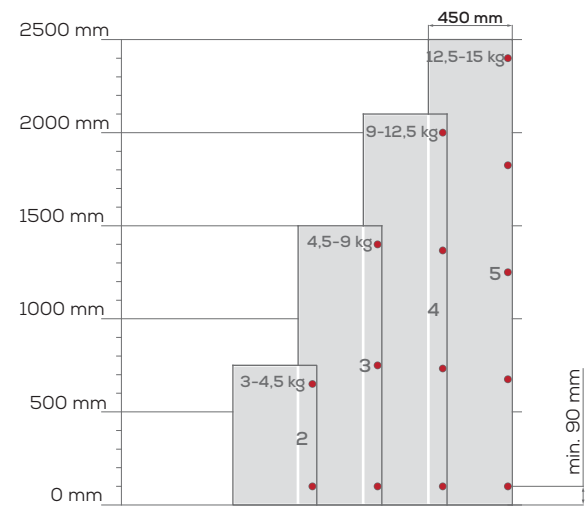

Approximate amount of hinges Ø35*

* Not applicable for special hinges with wide opening angle

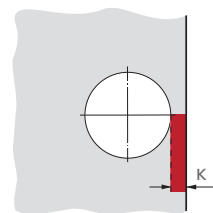

Approximate amount of hinges Ø35*

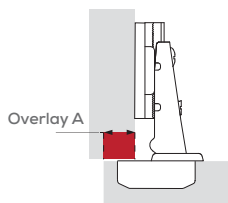

* Applicable for special hinges with wide opening angle

Cup distance K:
Cup distance K is the distance between door edge and the edge of the cup drilling. Resulting from the type of door movement, the maximum cup distance depends on the specific hinge type. The greater the distance selected for cup distance K, the smaller door clearance will be, i.e. the minimum reveal required.

Door overlay:
Door overlay, or overlay A, is the distance by which the door extends beyond the cabinet side.

UNIVERSAL SLIDING ROLLER

Which Widely Using for Wooden Door, Frame Door, Such One System Can Be Work With 3 Type Aluminum Rails

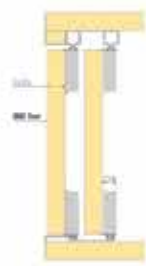

Features

- Roller Can Be Both Concealed and External Assemble
- Roller Easily Grooving with 60mm Cup Diameter
- Door Minimum Width at 380mm (Normally in Market is 500mm)
- Door Frame Minimum Width at 42mm (Normally in Market is 50mm)
- Door Minimum Gap at 6mm (Normally in Market is 9mm)
- Loading Capacity 50kg Each Door
- 50000 Times Cycle Test With SGS Certification

Assemble

Concealed Version
Thickness of door: 16-32mm

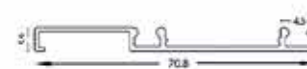

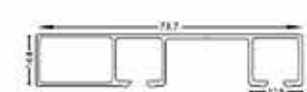

Overlap Version
Thickness of door: 16-20mm

Door Flush Version
Thickness of door: 16-32mm

Application : 3 type cabinet like: bedroom wardrobe, shoe cabinet, TV cabinet you need only one system SL60
